

Advances in Pistachio Irrigation Workshop and Field Day

Wednesday, May 30, 2018

Field Tour 7:30 AM - 12:15 PM

Workshop 12:15 PM - 4:30 PM

Harris Ranch

Coalinga, California

Online Registration

Registration limited to the first 120 participants. Make sure to register early to guarantee your spot!

Event Description

Join UC Davis Irrigation Specialist Daniele Zaccaria and other University of California experts to learn about the latest research and advances in pistachio irrigation. Learn firsthand about the latest developments and tools to measure evapotranspiration and crop coefficients, tree water status, impact of soil-water salinity on pistachio water use, and salinity tolerance. A set of irrigation-related technologies and products to help schedule irrigation will also be presented during the Field Day and Workshop. You can view a current [event agenda here](#).

Registration includes admission to two field sites, lunch, and workshop presentations.

Certified Crop Adviser (CCA) Continuing Education Credits Awarded!

Nutrient Management (1 hour), Soil and Water Management (2 hours), Crop Management (1.5 hours), Professional Development (1.5 hours)
