

# NOTICE: EUTHANIZED LIVESTOCK/HORSES USING BARBITURATES

Effective July 30, 2020 all animals (not including domestic dogs, cats, and pet birds) euthanized with Barbiturates **must be marked with an Orange B on the forehead** at the time of euthanasia so that animals do not get rendered into animal feed or pet food.

**No less than four (4) inches in height** unless the area to be marked is less than four (4) inches, in which case, the mark shall be as large as possible.

Legible at a distance of **not less than ten (10) feet**.

Made using an **orange** all-weather livestock marker or orange pavement marking spray paint approved by the Department as suitable for producing a permanent mark.
