

University of California, Cooperative Extension Santa Cruz County presents

Annual Strawberry Production Research Meeting

February 14, 2024 | 7:50 AM-12:10 PM (PT)

Virtual via Zoom

Join UC Farm Advisor Mark Bolda and other University and field experts in this virtual meeting to learn about the latest research and advances in strawberry production.

Who Should Attend: Anyone directly involved with the production of strawberries.

Live Spanish translation will be available.

We will discuss issues pertaining to production of strawberry and provide updates on current research addressing those issues.
