2013 A Centennial Celebration!

2013 marks the Centennial for 4-H in California, an important milestone for an organization that is deeply connected to communities throughout California. Core to the 4-H experience is service learning, which takes the form of student-designed, student-led projects where participants learn leadership by leading, collaboration through collaborating, and the importance of civic engagement by actively seeking opportunities to make a difference in their communities. The Revolution of Responsibility will celebrate the power of youth taking action and will be the centerpiece of the Centennial Celebration with two key components:

1) an ambitious statewide service-learning program, $1,000 for 1,000, raising funds to provide $1,000 each for 1,000 4-H service-learning projects statewide, and

2) The development of an Alumni Membership program connecting with an estimated one million past 4-H participants living in California, engaging them as volunteers, donors, and advocates and building our capacity to sustain the organization statewide.
