Amador County 4-H well represented at recent rabbit shows.

The Cal State rabbit show was held on 2/23 and 2/24 in Turlock California. In attendance were Kory White of Willow Springs 4-H and Katherine Stiltz of Fiddletown 4-H. The girls traveled to Turlock on Friday evening to help the show secretary get ready for the weekend. The girls organized the show paperwork for the entire youth show D and the entire Open show C. This is a large job with lots of responsibility and the girls did a great job! They also attended an educational seminar about disease prevention and treatment in rabbits. After a restful night in the motel it was time to get down to business. Katherine brought three Mini Rex rabbits and competed on Saturday in shows A and B. There were 112 Mini Rex and her rabbits received two seconds and a third in show A and three seconds in show B, not too bad for her rabbits first time showing. Kory brought Dutch and New Zealand rabbits belonging to her sister Karson (who was unable to attend and for herself) and showed in both Saturday shows. The Dutch were two first and a second and won Best of Variety Chocolate in both shows and Best Opposite of variety black in both shows. The New Zealand's received all firsts and also won Best of Variety and Best Opposite sex of variety red and best opposite of variety broken. Kory volunteered and worked at the raffle table for several hours on Saturday. She was a big help and helped to raise money for the awards given to the winners of the Cal State Royalty Contest. They did not stay for the Sunday show.

On 3/3 Kory and Katherine traveled to Stockton for the CRSC double show. Katherine’s Mini Rex received three first places in show A and her black jr doe was Best of Variety.(BOV) In show B her rabbits received two first and a second. Kory brought four Dutch. In show A she received three firsts and one third. She was BOV black and chocolate and her black went on to win Best Opposite Sex of Breed (BOSB). She sold one of her rabbits before show B so only had three rabbits entered in show B. They received three first places, BOV chocolate and BOV black and her black buck WLT went on to win Best of Breed (BOB). WLT then got to compete for Best in Show.

Kayalynn from Ione Community 4-H took 5 Lilacs to the show and won 2 BOSB in Open Show A & B & 2 BOB and 2 BOSB in Youth Show A & B.

AN EVALUATION GUIDE FOR 4-H CLOTHING PROJECTS

CREATIVE SELECTION

Occasion:
Where do you plan to wear your garment? Will it be appropriate?

Style:
Is the style becoming to you? Is it appropriate for your age? Is the fabric suitable for the design of the garment?

Color:
Is the color becoming to you? Is it a color that looks well with other items you are wearing?

Texture:
Is the texture of the fabric (rough, shiny, fuzzy) suitable for you? Is it appropriate for the style and design of the garment and for the occasion for which you will wear it?

FIT

Is the garment well balanced so that the center front and center back form straight lines at the center front and center back of your figure? Are the shoulder seams the correct slant and length? Do the darts point to, but not beyond, the curved areas of your figure? Is the waistline of the garment located at your natural waistline or according to the design of the garment? Do the vertical seams form plumb lines? Is the hem line straight? Are the ease allowances adequate for comfort and appearance and for the design of the garment? (Check each of these points for bodice and skirt, or pants, where appropriate)

GROOMING

Are you as neat and clean as possible? Is your hair appropriately and becomingly styled? Are your hands and nails clean, and well cared for? Is your clothing (under and outer) clean, free of spots and odors, pressed, and in good repair?

POSTURE

Standing:
Do you stand tall with back straight, head up, and chin in? Do you keep your shoulders back, your chest up, abdomen in, and buttocks tucked under?

Poise:
Are you at ease? Do you avoid fidgeting with your hands and picking at your clothes or yourself? Do you wear your garment proudly and show it off to its best advantage?

ACCESSORIES

Number: Have you chosen a pleasing number of accessories - enough to complement your garment but not overpower it? (Shoes may be the only accessory you need)

Harmony: Does the color of your accessories complement your clothing? Is the color a pleasing value or intensity for you? Are the design and texture of your accessories in character with your garment and with each other? Are your accessories appropriate for your size?
CONSTRUCTION

Choice of Method:
Are the construction methods you used appropriate for the design of the garment, for the type of fabric, and for the type of wear you expect from the garment? For example, did you finish the seams in a way that will prevent raveling - will they wear well and not interfere with the design or general appearance of the garment? Did you select the type of buttonhole that will best complement the design and that is suitable for the fabric?

REMEMBER...IT IS THE OVERALL RESULT THAT IS MOST IMPORTANT, NOT THE METHOD USED

Grain line:
Did you cut your garment "on grain"? Some fabrics with wrinkle-resistant or stabilizing finishes can tolerate a small percentage of "off-grain" depending on their design and texture, but most fabrics, including knits, should be cut exactly on the grain to ensure the best possible hang and fit. For designs with bias cuts, the fabric should be cut on true bias.

Workmanship:
How good a job did you do in making your garment? For example, are the stitch length and tension correct? Is the stitching straight and are the darts tapered, not blunt? Are the interfacing and facings neat and not bulky? Are the fasteners neat and secure? Is the collar neat - no undercollar rolling out or points poking up? Are the sleeves set in smoothly - evenly spaced with no puckering? If the garment is lined, is the lining placed so that it does not distort the outer fabric and overall line? Is the hem as inconspicuous as possible and durable enough for the kind of care it will receive?

PRESSING

Underpressing:
Did you press as you sewed? Did you press one seam before crossing it with another?

Top Pressing:
Did you do a good job of top pressing after completing your garment? Were you careful not to overpress, particularly on the right side of the fabric?

CARE

Consider how long you plan to wear the garment and for what occasions. Will the fabric or style require a minimum amount of time, effort, and cost to keep the garment clean, pressed, and in good repair?

4-H HOME ARTS EXPO

WHAT ABOUT FOOD SAFETY?

Proper food handling is very important. Lack of sanitation, insufficient cooking and improper storage can allow bacteria in food to increase to dangerous levels. What can you do to make food safe?

You can protect your family and friends from food borne illness by:
1. Making sure your hands, dishes, utensils, kitchen equipment and work surfaces are clean.
2. Being careful and taking all precaution needed in storing, preparing and cooking of all foods.

Temperature and time influence the growth of bacteria. Keep hot foods HOT (above 140 F) and cold foods COLD (below 40 F). Food may not be safe to eat if held more than 2 hours at temperatures between 60 F and 120 F, the temperature zone where bacteria grow rapidly. Remember that this includes all the time during preparation, storage, and serving. Remember too, when transporting food, keep those food dishes that require refrigeration COLD and those that require heat HOT. It is suggested to wrap food items for traveling in a thick, clean towel or blanket and transport them in an ice chest.

HOW CAN I PARTICIPATE?

1. You must be enrolled in a 4-H Foods and Nutrition Project.
2. Entry forms must be returned with your recipe (excluding cake decorating) to:
   4-H Office, Government Center, 891 Mountain Ranch Rd, San Andreas, CA 95249. You will need your Foods and Nutrition leader’s signature on the entry form.
3. Do your own creative work on place setting and menu planning (excluding cake decorating). (See “Table Setting Notes” in this booklet).
4. Learn all you can about the favorite food you have chosen to present. Your favorite food presentation should be appropriate to your abilities and your years in the foods project. Your entry should be different each year.
5. Following the theme or title of your entry, plan a menu around your entry, using the knowledge you have learned about a balanced diet and the basic four food groups. Use your own creativity. Remember color and texture. Type or print your menu on a 5" X 8" card with your favorite food underlined. (See specific details in this booklet). Menu should include the basic "4" food groups. Consider color and texture in planning your menu.
6. Practice preparing your favorite food so that you can, from experience, tell others how to do it. Serve it to your family and friends and get their comments. Remember, "Practice Makes Perfect".
7. Learn as much as you can about the basic four food groups and how your menu meets these requirements.
8. Bring an ample supply of your Favorite Foods entry so that there will be enough to serve participants and guests.

Your food must be given careful attention so that it is properly handled. NO FOOD PREPARATION WILL BE ALLOWED AT THE EVENT. Be sure and bring all utensils you will need for serving. Your entry must be completely ready when you arrive. If you prepare a cold dish, keep it cold. If a warm or hot dish is prepared, keep it hot. Refrigeration and holding oven space will NOT be provided for you, but there are some wall outlets available. You may need to bring an extension cord. Again, be sure and bring all utensils you will need for serving.
PLEASE BE SURE THAT ALL OF YOUR
EQUIPMENT IS MARKED FOR IDENTIFICATION

ONCE YOU ARRIVE…

1. Upon arrival find your name taped to the front of a table. Go directly to your table and set up your supplies. Parent help is not allowed.
2. Participants are not to leave their area until all participants at your table have been judged.
3. Parents and leaders are restricted from the judging area once judging begins. Parents and leaders in the judging area after the set-up period will be cause for the entry to be DISQUALIFIED.
4. There will be chairs provided away from the judging area for all guests. REMEMBER, THIS IS A JUDGING AREA AND WE APPRECIATE YOUR HELP IN KEEPING THE AREA QUIET.
5. We suggest that you wear your 4-H uniform. It is not required but it will look better to the judge who will be judging your presentation and your food. If you do not wear your uniform, be sure to dress neatly.
6. Be ready to answer any questions the judge(s) may ask concerning the table setting, menu or preparations of the favorite food. Judges will probably discuss your favorite food, menu and table setting with you, but their questions or comments do not necessarily indicate that they are not pleased with your work or your answers. The Home Arts Expo is a learning experience.
7. Judging will be on the Danish System. (The Danish System is judged against a set standard and not against another entry.) Scoring will be made on the following categories:

   **Excellent – Gold Medal**
   **Good – Silver Medal**
   **Fair – Bronze Medal**

8. After judging has been completed and the awards ceremony, exhibitors and guests are invited to sample the foods displayed. NOTE: Members are not to taste food until after all judging has been completed and judges and guests have tasted.

*Supplement Page 5*
