The following two articles are printed annually in this newsletter.

As fair time and various competitions approach we often hear parents and leader concerns about the ethics of some participants in the 4-H program. The following short story fits very well in the discussion of WINNING IN 4-H.

We hear, "We just know that member did not do the work on the outfit entered in the 4-H Home Arts Expo -- her mother did it!" "You know that kid who was County Winner -- his parents did the record book!" "Did you see those parents grooming that animal at the fair...and then the kid wins the showmanship contest!" "I just know that member has not had that animal for 60 days before the fair. This is obvious favoritism".

Sometimes, there is little or nothing that can be done about personal ethics as it affects the way people behave when they are involved in a competitive situation, or any situation for that matter. 4-H is not set up with a system of policing and it shouldn't be. The infractions that help youth WIN AT ANY COST are few. People will violate the rules, whether it is ignoring the speed limit, cheating just a bit on income tax or littering along the highway. Because 4-H involves people it is unlikely that those who have such values and standards will be eliminated. But there is an opportunity to open lines of communication with the young members of the program about what is right and wrong and that right and wrong are personal decisions. We can help them when they are young, but that will be THEIR decision to make as they grow older and become more independent members of the great American society.

Those who must WIN AT ALL COST are the losers in life’s game.

Winning – At What Cost?

The 2010 National Science Experiment, 4-H2O, will focus on water quality and climate change. Using a three-tiered experiment model, the experiment engages youth of all ages to learn at the simplest level how carbon dioxide can affect aquatic animals, plants and other living organisms in lakes, streams, rivers and oceans.

Facilitators will lead discussions to help youth better understand climate change. Visit the national website for more information - https://www.4-h.org/NYSD/
Head (was trained to think plan and reason);
Heart (to be kind true and sympathetic);
Hands (to be useful, helpful, and skillful); and
Health (to resist disease, enjoy life, and make for efficiency)

(Left) Swine members at Pre Weigh-In having a project meeting. (Bottom Left) JGW at the Italian Picnic Parade. (Bottom) Goat Project meeting at Oak Gold Nubian Farm

Sierra Eagles

Sierra Eagles 4-H Club goes Postal for Archery: Sierra Eagles 4-H Club members competed in their 2nd Archery Tournament. This time the competition was the Official State Postal Shoot. Archers Caleigh and Connor Roberts, Clayton Holmes along with parents and leaders shot targets from as far away as 30 yards. It was a great day and only a few raindrops fell. The results from the statewide tournament will be tabulated and posted on the State 4-H website some time in the next few weeks. Keep tuned in and we will post the results. Way to go Sierra Eagles Archers!

SUGGESTIONS FOR SUCCESSFUL LIVESTOCK EXHIBITS

1. Gather grooming aids, stall or pen cleaning tools, feed and other items together at least a week prior to weigh-in. Label with name of owner.
2. Weeks before fair try on your uniform, clean, press, and don’t lose it.
3. Make a list of all needed items to be loaded the day of the Fair.
4. Know how to load the exhibit animal. Start early! Keep stress for humans and livestock to the bare minimum.
5. Have telephone numbers for the project leader and other project members handy; then, if the truck won’t start, you’ll have someone to call for assistance.
6. Practice grooming skills several times during the spring. Begin preparing the outer appearance of the animal according to the project leader’s instructions.
7. Practice showmanship techniques every chance you get. Animals will respond better to a familiar routine even when confronted with many other strange animals.
8. While at the Fair, maintain livestock at its peak condition by keeping animals cool, reducing stress, feeding regularly, and maintaining cleanliness. Check your animals often while in the barns. Monitor animals for heat induced stress and make sure to water regularly.
9. NEVER BRING A SICK ANIMAL TO THE FAIR!!

Spend Smart. Eat Smart.

The Spend Smart. Eat Smart. blog focuses on sharing ideas, tips, resources and recipes to help feed your family for less. The blog is maintained by Iowa State University Extension staff members who are trained in food, nutrition, and health. Check out the website at http://blogs.extension.iastate.edu/foodsavings/ as blog contributors share their experiences and tips to help individuals eat healthy and stay within their budget.

6 PM  Livestock Released
**RULES:**

Note: Feature Booths are offered to the previous exhibitor for renewal first. If there is a non-renewal, exhibit booths are filled on a first come, first served basis.

A. The Feature Exhibit Booth provides members of 4H Clubs, FFA Chapters and other organized groups who reside in Amador County an opportunity to acquaint the public with a specific phase of their Club, Chapter or Organization. The booth can show what they have learned, the activities in which they have participated, or the contributions of their organization to the community. Judges will insist upon high quality of products and materials used in the exhibit. The exhibit will be artistically arranged, colorful, attractive and well lighted.

B. Feature Exhibit Booths shall be limited to one entry by a chapter or club. Booths will be assigned by the Entry Office and may not be changed.

C. ALL MATERIALS USED MUST BE FIREPROOF!!!

D. Exhibits must be maintained for the duration of the Fair. Exhibitors must make arrangements to replace all fruits and vegetables, which deteriorate during Fair.

E. Booth materials must be contained within the area of the booth platform. Entire platform may be covered with decorations if desired.

F. Booths MUST be designed, constructed and installed by Club, Chapter or Organization members. Instructors or Leaders may supervise only.

G. No entry form will be accepted by the Amador County Fair until approved by the Leader or proper authority, who will sign the entry before filing.

H. Five (5) Points will be deducted from total score for the following:
   - LATE ENTRY
   - EXHIBIT NOT COMPLETED BY JUDGING TIME

**IT IS THE RESPONSIBILITY OF THE GROUP/ORGANIZATION TO PICK UP THEIR BOOTH TAGS FROM THE ENTRY OFFICE**

**SCORE CARD FOR FEATURE EXHIBITS**

| Effective Title – short, personal, active verb | 10% |

STANDARD JAR: A container specially designed for canning purposes.
LIMIT: An exhibitor may not enter more than 12 entries per class. Each entry a different product, or the same product preserved by a different method or a related group. One product, date of processing and process (ie, apricot jam, pectin method, apricot halves water bath, open kettle or pressure cooker). Dried products should be wrapped in clear plastic or sealed jars. No paraffin seals. All canning exhibits must be in sealed jars with lid and ring. An exhibit consists of one (1), container or package, except Jerky (six strips) and dried fruit and fruit leather (six to eight sections). Low acid foods must be canned under pressure.

EXHIBITS MUST BE ACCURATELY LABELED
