Rabbit & Cavy Field Day

On February 19, 2011 five of our Amador County 4-H Members attended The Stanislaus County 4-H Rabbit & Cavy Field Day.

They attended hands-on workshops in Rabbit & Cavy Showmanship, Raising Rabbit Meat Pens & Single Fryers, Rabbit Judging, Cavy Judging and Breed Identification. It was a fun day and a great opportunity for members and leaders alike.
Head (was trained to think plan and reason); Heart (to be kind true and sympathetic); Hands (to be useful, helpful, and skillful); and Health (to resist disease, enjoy life, and make for efficiency)

Ever wonder what all those pins mean on 4-H member's hats? The State 4-H Office has assembled a webpage listing the commonly used 4-H pins. The list provides information about the honor, the process to receive the pin, and for 4-H Club leaders, where to purchase.

For more information, please visit http://www.ca4h.org/Resources/Awards/.

4-H Citizenship Initiative - Ready to Launch!

4-H Citizenship will soon launch in California, joining 4-H SET and 4-H Healthy Living as the third of the 4-H National Mission Mandates.

For a century 4-H has engaged youth in citizenship through service learning, decision making, communication, teamwork, problem solving, and critical thinking skills.

The 4-H Citizenship Initiative will refocus interest and attention to the important and powerful contributions youth make in their communities everyday!

Over the coming months watch for exciting new opportunities for youth to engage and rally their communities in support of active citizenship. Also check out citizenship activities on the state 4-H website at http://www.ca4h.org/Projects/Citizenship/ and opportunities to participate in the 4-H CAL-Focus Conference, recently awarded the National 4-H Award of Distinction.

Goals of the 4-H Citizenship Initiative are to help youth to:

1. CONNECT – Be active partners in a larger community as they recognize, appreciate and respect human diversity and commonality; understand their part in shaping change and work together towards the common good.

2. LEARN- Learn from others, self and environment to develop informed perspectives, empathy, ethics, pro-social values, positive self identity and sense of social responsibility.

3. ENGAGE-- Engage in political education and awareness, social justice, advocacy, negotiation, public problem solving, community service, etc.

4. LEAD-- Develop leadership skills where youth use their voices, work, ideas or behavior for the greater good.

5. IMPACT—Make a difference in community, country and world

CIVIC RESPONSIBILITY

4-H is for all youth who like action, learning, and FUN!

I pledge...

...to my club, my community, my country, and the world.
The colors are **GREEN** and **WHITE**
The **GREEN** stands for growing, living things and the **WHITE** for purity and cleanliness

**Amador County 4-H Horse at Ricotti Saddlery**

On Feb. 12, the Jackson Gold Wheels and Willow Springs 4-H Horse project attended a field trip to the Ricotti Saddle Co. located in Clements, CA.

The owner, Rick Ricotti, was a very informative speaker and explained how they made their saddles and also told us his story of how he got his business started. We learned how time consuming this art can be, (it usually takes them up to a year to finish one custom-made saddle).

They also receive business from all around the country and they are always busy.

He let us use some of his leather stamps to make coasters with some cool designs.

I’d like to thank Mr. and Mrs. Ricotti for hosting this event.

**California 4-H Horse Classic**

Welcome to the 2012 15th annual California 4-H Horse Classic! In 2012, the Classic will again be one event dedicated to over 4,500 4-H horse project members statewide. We invite everyone to join us in sharing a passion for horses.

The championship horse show provides the opportunity for 4-H riders to compete at a level beyond local, county or regional events, while the educational contests allow members to showcase their equine knowledge. This one event will continue to build networks between counties with a common interest in strengthening 4-H equine education and establish new friendships between 4-H members and leaders.

The goals of the CA Horse Classic are to:

- Establish new friendships with fellow 4-H members and leaders
- Encourage networking between counties to build leadership with a common interest
- Provide opportunities for youth statewide to share their passion for horses
- Participate in social and educational programs by being a participant, not a spectator
- Experience and develop greater personal growth
- Continue to develop leadership and citizenship skills
- Share personal experiences with others

through meaningful growth and development

- Promote good sportsmanship
- Provide a unique opportunity for horse project members to compete on a level beyond the county, district or regional basis

AN EVALUATION GUIDE FOR 4-H CLOTHING PROJECTS

**CREATIVE SELECTION**

**Occasion:**
Where do you plan to wear your garment?  Will it be appropriate?

**Style:**
Is the style becoming to you?  Is it appropriate for your age?  Is the fabric suitable for the design of the garment?

**Color:**
Is the color becoming to you?  Is it a color that looks well with other items you are wearing?

**Texture:**
Is the texture of the fabric (rough, shiny, fuzzy) suitable for you?  Is it appropriate for the style and design of the garment and for the occasion for which you will wear it?

**FIT**

Is the garment well balanced so that the center front and center back form straight lines at the center front and center back of your figure?  Are the shoulder seams the correct slant and length?  Do the darts point to, but not beyond, the curved areas of your figure?  Is the waistline of the garment located at your natural waistline or according to the design of the garment?  Do the vertical seams form plumb lines?  Is the hem line straight?  Are the ease allowances adequate for comfort and appearance and for the design of the garment?  (Check each of these points for bodice and skirt, or pants, where appropriate)

**GROOMING**

Are you as neat and clean as possible?  Is your hair appropriately and becomingly styled?  Are your hands and nails clean, and well cared for?  Is your clothing (under and outer) clean, free of spots and odors, pressed, and in good repair?

**POSTURE**

**Standing:**
Do you stand tall with back straight, head up, and chin in?  Do you keep your shoulders back, your chest up, abdomen in, and buttocks tucked under?

**Poise:**
Are you at ease?  Do you avoid fidgeting with your hands and picking at your clothes or yourself?  Do you wear your garment proudly and show it off to its best advantage?

**ACCESSORIES**

**Number:** Have you chosen a pleasing number of accessories - enough to complement your garment but not overpower it?  (Shoes may be the only accessory you need)

**Harmony:** Does the color of your accessories complement your clothing?  Is the color a pleasing value or intensity for you?  Are the design and texture of your accessories in character with your garment and with each other?  Are your accessories appropriate for your size?
CONSTRUCTION

Choice of Method:
Are the construction methods you used appropriate for the design of the garment, for the type of fabric, and for the type of wear you expect from the garment? For example, did you finish the seams in a way that will prevent raveling - will they wear well and not interfere with the design or general appearance of the garment? Did you select the type of buttonhole that will best complement the design and that is suitable for the fabric?

REMEMBER...IT IS THE OVERALL RESULT THAT IS MOST IMPORTANT, NOT THE METHOD USED

Grain line:
Did you cut your garment "on grain"? Some fabrics with wrinkle-resistant or stabilizing finishes can tolerate a small percentage of "off-grain" depending on their design and texture, but most fabrics, including knits, should be cut exactly on the grain to ensure the best possible hang and fit. For designs with bias cuts, the fabric should be cut on true bias.

Workmanship:
How good a job did you do in making your garment? For example, are the stitch length and tension correct? Is the stitching straight and are the darts tapered, not blunt? Are the interfacing and facings neat and not bulky? Are the fasteners neat and secure? Is the collar neat - no undercollar rolling out or points poking up? Are the sleeves set in smoothly - evenly spaced with no puckering? If the garment is lined, is the lining placed so that it does not distort the outer fabric and overall line? Is the hem as inconspicuous as possible and durable enough for the kind of care it will receive?

PRESSING

Underpressing:
Did you press as you sewed? Did you press one seam before crossing it with another?

Top Pressing:
Did you do a good job of top pressing after completing your garment? Were you careful not to overpress, particularly on the right side of the fabric?

CARE

Consider how long you plan to wear the garment and for what occasions. Will the fabric or style require a minimum amount of time, effort, and cost to keep the garment clean, pressed, and in good repair?

5. If you have a cake that is more than one-tier and needs to be assembled at the event do so quickly. No frosting application will be allowed at the event.

WHAT ABOUT FOOD SAFETY?

Proper food handling is very important. Lack of sanitation, insufficient cooking and improper storage can allow bacteria in food to increase to dangerous levels. What can you do to make food safe?

You can protect your family and friends from food borne illness by:
1. Making sure your hands, dishes, utensils, kitchen equipment and work surfaces are clean.
2. Being careful and taking all precaution needed in storing, preparing and cooking of all foods.

Temperature and time influence the growth of bacteria. Keep hot foods HOT (above 140 F) and cold foods COLD (below 40 F). Food may not be safe to eat if held more than 2 hours at temperatures between 60 F and 120 F, the temperature zone where bacteria grow rapidly. Remember that this includes all the time during preparation, storage, and serving. Remember too, when transporting food, keep those food dishes that require refrigeration COLD and those that require heat HOT. It is suggested to wrap food items for traveling in a thick, clean towel or blanket and transport them in an ice chest.

HOW CAN I PARTICIPATE?

1. You must be enrolled in a 4-H Foods and Nutrition Project.
2. Entry forms must be returned with your recipe (excluding cake decorating) to:
   4-H Office, Government Center, 891 Mountain Ranch Rd, San Andreas, CA 95249. You will need your Foods and Nutrition leader's signature on the entry form.
3. Do your own creative work on place setting and menu planning (excluding cake decorating). (See "Table Setting Notes" in this booklet).
4. Learn all you can about the favorite food you have chosen to present. Your favorite food presentation should be appropriate to your abilities and your years in the foods project. Your entry should be different each year.
5. Following the theme or title of your entry, plan a menu around your entry, using the knowledge you have learned about a balanced diet and the basic four food groups. Use your own creativity. Remember color and texture. Type or print your menu on a 5" X 8" card with your favorite food underlined. (See specific details in this booklet). Menu should include the basic "4" food groups. Consider color and texture in planning your menu.
6. Practice preparing your favorite food so that you can, from experience, tell others how to do it. Serve it to your family and friends and get their comments. Remember, "Practice Makes Perfect".
7. Learn as much as you can about the basic four food groups and how your menu meets these requirements.
8. Bring an ample supply of your Favorite Foods entry so that there will be enough to serve participants and guests.

Your food must be given careful attention so that it is properly handled. NO FOOD PREPARATION WILL BE ALLOWED AT THE EVENT. Be sure and bring all utensils you will need for serving. Your entry must be completely ready when you arrive. If you prepare a cold dish, keep it cold. If a warm or hot dish is prepared, keep it hot. Refrigeration and holding oven space will NOT be provided for you, but there are some wall outlets available. You may need to bring an extension cord. Again, be sure and bring all utensils you will need for serving.
PLEASE BE SURE THAT ALL OF YOUR EQUIPMENT IS MARKED FOR IDENTIFICATION

ONCE YOU ARRIVE...

1. Upon arrival find your name taped to the front of a table. Go directly to your table and set up your supplies. Parent help is not allowed.
2. Participants are not to leave their area until all participants at your table have been judged.
3. Parents and leaders are restricted from the judging area once judging begins. Parents and leaders in the judging area after the set-up period will be cause for the entry to be DISQUALIFIED.
4. There will be chairs provided away from the judging area for all guests. REMEMBER, THIS IS A JUDGING AREA AND WE APPRECIATE YOUR HELP IN KEEPING THE AREA QUIET.
5. We suggest that you wear your 4-H uniform. It is not required but it will look better to the judge who will be judging your presentation and your food. If you do not wear your uniform, be sure to dress neatly.
6. Be ready to answer any questions the judge(s) may ask concerning the table setting, menu or preparations of the favorite food. Judges will probably discuss your favorite food, menu and table setting with you, but their questions or comments do not necessarily indicate that they are not pleased with your work or your answers. The Home Arts Expo is a learning experience.
7. Judging will be on the Danish System. (The Danish System is judged against a set standard and not against another entry.) Scoring will be made on the following categories:
   
   Excellent – Gold Medal
   Good – Silver Medal
   Fair – Bronze Medal

8. After judging has been completed and the awards ceremony, exhibitors and guests are invited to sample the foods displayed. NOTE: Members are not to taste food until after all judging has been completed and judges and guests have tasted.
9. Exhibitors are part of the clean-up committee. An exhibitor who does not clean up his/her area will be disqualified from exhibiting at the event the following year.

MENU

Each exhibitor must plan a menu around the food entry. The menu should be shown on a 5" x 8" card with the exhibitor's favorite food underlined. The recipe card should be 3" x 5".

   * The menu and recipe cards must be typed or neatly printed *

EXAMPLE:

   FAMILY DINNER

   Meat Loaf - Mashed Potatoes - Buttered Peas

   Cottage Cheese & Peach Salad

   Yeast Rolls & Butter

   Chocolate Pudding - Cookies - Milk

The menu should indicate the type of meal being served (formal dinner, luncheon, breakfast, etc.) Each member will be assigned an area approximately 20" x 24". Your table setting should be appropriate for your menu. A dessert plate should be indicated if appropriate.
TABLE SETTING NOTES

1. Your judgment dictates your place setting. There is no one and only "right way" to set the table. The pattern of table service to be used, the menu to be served, and the size of the table establish your plan for setting the table.

2. You do not need to use your family's best china or silverware. Look through magazines to find ideas for using what you have available as a compliment to your favorite food.

3. Centerpieces are required. It should be small, low and in scale for your one place setting. POTTED PLANTS ARE NOT ALLOWED. Practice at home or at a project meeting so that you will be well prepared to set it up properly before the actual judging.

4. Be prepared to answer questions on your table setting, your menu and your favorite food entry.

5. Paper accessories may be used in your presentation. These are perfectly acceptable when they lend appeal to your theme, your chosen food entry and your menu.

CATEGORIES

Participants are not limited to dishes that are included in the 4-H Food unit for which the member is enrolled. A member may prepare their favorite food to be entered in any one of the following six categories:

1. Bread
