Plant a Row for the Hungry is an international project, (<https://gardencomm.org/PAR>) that encourages gardeners to share their extra produce with needy folks in their community. Since 1995, over 20 million pounds of produce providing over 80 million meals have been donated by American gardeners. All this has been achieved without government subsidy or bureaucratic red tape - just people helping people.

If you have questions about our local PAR project please contact Robin Stanley at birdwomanca@comcast.net or 530-644-1631.
