

FRESNO COUNTY PEST WATCH NO. 1

Snow Pea problems

1. Ascochyta Blight

A serious disease in rainy, cool weather during January, February, and March. Leaves, stems and fruit have many small to large brown or purple spots. Leaves turn brown and die starting at the bottom of the plant and moving up. Flowers may blacken and turn brown.

What to do:

1. Destroy old plants left in the field (burn or disk).
2. Buy seeds treated with chemical fungicides.
3. Sprays with copper fungicides may help if started early.

2. Downy Mildew

Pale yellow spots on top of leaves. Grayish white (purple) fungus underneath leaves.

What to do:

1. Grow peas in a different soil (rotate).
2. Remove and destroy diseased plants.
3. Copper sprays may help.

For more information, call Richard Molinar or Michael Yang, U.C. Cooperative Extension, (559) 4456-7285.

(copper products such as CAMP, BAC-STOP< or BASIC COPPER SULFATE)

COV TAUM MOG RAUG TEEBMEEM

1. Ascochyta Blight

Nws yog ib yam kabmob nyob rau lub caij los nag, thiab caij txias xws lis thaum lub 1 Hlisntuj, 2 Hlisntuj, thiab 3 Hlisntuj. Ua rau cov nplooj txaij thiab cia li qhuav ces xiav loj zuj zus tuaj lawm. Cov kabmob ua rau tsob qoob tuag yog pib hauv lub hauvpaus tuaj. Cov paj los kuj dub zuj zus thiab cia li zeeg lawm.

Yuav ua licas rau:

1. Muab cov qoob uas tuag tas no hlawv los yog luam pov tseg kom ntsoog tas.
2. Mus yuav cov noob uas nws twb tov tshuaj xyaw rau lawm los cog.
3. Yog tua cov tshuaj muaj kua tooj (cooper) rau thaum nyuam qhuav pib kis rau cov qoob tej zaum yuav pab tau cov qoob.

2. Downy Mildew

Yog tsob qoob muaj tej tee daj daj nyob saum daim qaum nplooj thiab hauv daim qab nplooj nws zoo li txho tshauv dawb lias ces yog muaj cov kab mob (Downy Mildew) no.

Yuav ua licas rau:

1. Cog cov qoob rau lwm thaj chaw txawv.
2. Sau tsob qoob los ziaab kom qhuav ces muab hlawv, los yog muab luam pov tseg kom ntsoog tas.
3. Tsuag cov tshuaj muaj kua tooj (cooper) rau tej zaum kuj yuav pab tau thiab.

Yog koj muaj lus noog thov hus rau: Richard Molinar los yog hus rau Michael Yang. U.C. Cooperative Extension, 456-7285.

Cov tshuaj muaj kua tooj siv xwsli (Champ, Bac-stop, Basic copper sulfite).
