

## GENDER-INCLUSIVE RESTROOMS

### AT THE UC AGRICULTURE & NATURAL RESOURCES (UC-ANR) FACILITIES

This is a list of gender-inclusive restroom locations at all of the UC-ANR Facilities and Research and Extension Center. These restrooms, while providing a resource for trans and gender non-conforming community members, are available for everyone's use. These particular restrooms may be found particularly useful to others such as people with different-gender personal attendants or parents assisting their children.

All these restrooms have a locking mechanism on the entry door to the facility to allow the user to create a private and secure space.

Facility/R&E Center	Building Number	Building Name
<b>DESERT RESEARCH &amp; EXTENSION CENTER</b>		
	101	Office & Laboratory
