A two day workshop designed for landowners and managers looking to gain skills in prescribed fire planning and implementation. Opportunity to see first hand lands actively managed with prescribed fire.

Topics:

- Permitting and legal considerations
- Cal Fire's Vegetation Management Program
- Fire weather forecasting and online tools
- Air quality and smoke management
- Prescribed burn associations
- **Permit and weather allowing, a prescribed fire demonstration and training burn!**
- Local fire history
- Fire terms and fire behavior
- Burn plan development
- Burn unit preparation
- Tools and equipment
