

Kindergarten - Lesson I - Essentials for Healthy Eating and Gardening Page 15

## Instructions for Constructing MyPyramid Puzzle

- 1. Enlarge the MyPyramid outline and draw on poster board.
- 2. Create and cut the color strips for each of the food groups and the oils category.
- 3. Place several hook and loop tape dots on each of the food group strips to attach to the board.
- 4. Place the corresponding dot sides on the poster board outline.
- 5. Place hook and loop tape dots on the food group models found on pages 18 to 20.
- 6. Arrange the corresponding dot sides on the food group strips.
- 7. Cut apart the words.
- 8. Create and cut the steps and girl for the side of MyPyramid.
