### Placer County 4-H Events

#### Sectional 4-H Presentation Day

**Saturday, March 28, 2015  8:30 am to 12:30 pm**

**Registration Due: March 22, 2015**

**Location:** Magnolia Middle School, 22431 Kingston Lane, Grass Valley

**Pre-registration is REQUIRED:** [http://ucanr.edu/northsectionalpresentationday](http://ucanr.edu/northsectionalpresentationday)

**What is a 4-H Presentation?**

A presentation is a method used to communicate an idea by showing and/or telling. It can be a demonstration or a talk that uses posters and other visual aids. A 4-H Presentation helps you learn to research a subject, organize ideas in a logical order, be a teacher and practice public speaking skills. Any 4-H member may participate.

Placer County Presentation Day will be patterned after the format for the 4-H Regional and State Presentation Days. A State "Presentations Guide for 4-H Members, version #3 “ is available on line at [http://4h.ucanr.edu/files/2193.pdf](http://4h.ucanr.edu/files/2193.pdf).

Presentation categories include: Demonstration, Impromptu, Illustrated Talk, Interpretive Reading, Problem Solving, Prepared Speech, Educational Display, Audio-Visual, Cultural Arts, and a group speech-activity named "Share-the-Fun."

Community Club Leaders and Presentation Project Leaders will have a copy and more copies can be obtained at the 4-H office. This guide is a great resource of information! To have a successful presentation it must contain the following:

1. An introduction—it should briefly cover what is to be shown or told.
2. A body—it should illustrate the subject logically and clearly.
3. A summary—it should reiterate what has been said so that the audience takes away the main idea.

Don't forget an original and catchy title, this will set the stage for your presentation!

Most of all...Enjoy Yourself!

California 4-H offers thematic recognition pins for youth who participate at State 4-H Presentation Day and focus their presentations on one of the following areas:

- **Science, Engineering and Technology:** Geospatial Science
- **Healthy Living:** Hydration
- **Thrive:** The Path to Thriving
- **Citizenship:** Civic Education

Visit the State 4-H website for more details about participating in this opportunity: [http://4h.ucanr.edu/files/177533.pdf](http://4h.ucanr.edu/files/177533.pdf)

**Dry Creek 4-H Club Attends Roseville City Council Meeting**

*Written by: Janelle Turpin, Dry Creek 4-H Correspondence Secretary*

This year, several officers from the Dry Creek 4-H Club attended the Roseville City Council Meeting to see our city leaders in action. This was a valuable learning opportunity to see how our local government is managed and how they conduct their meetings. We started off with a tour of the facilities and media center as the Public Information Officer provided an overview. Next we were able to meet the mayor and some city council members who were very friendly and welcoming. We stayed and watched a live City Council Meeting and the mayor asked the Dry Creek 4-H Officers to kick-off the meeting by leading the flag salute. It was nice for 4-H to connect with the city leaders and watch how they manage a council meeting and see that they have many of the same protocols that we use for our community meetings. It was also inspiring and insightful to know that we are gaining valuable skills as young 4-H leaders that we could possibly use in real life when we are adults seeking a career. I was able to learn that communication and organization skills are essential. Our group is active in our community and I look forward to attending other city council meetings in the future and seeking other opportunities to learn from various leaders.

Dry Creek 4-H Officers in attendance: Valerie Heywood, Julia Chin, Leila Doty, Kaylee Doty, Mitchell Woulfe, Joshua Lindstrom, Janelle Turpin, Jenna Turpin

**The Embryology Project**

Hi, my name is Lance Winfield, I am 12 years old. I’m in Ophir 4-H and I have been doing embryology for the past 3 years. I love being in this project because I like taking good care of my chickens at my house. The first time I started embryology I was a little nervous about hatching baby chicks. Eventually, I started to enjoy this project because I think that it is an exciting hobby.

I hatch crossbreeds that I think are as good as purebreds because they lay lots of eggs. Who got me interested about embryology was June Stewart, who I would like to thank. Whenever I am going to incubate eggs from my chickens I go to the 4-H office to rent an incubator. I start incubation during late spring so the chicks that just hatched don’t freeze themselves since they haven’t grown in their adult feathers.

I make sure the chicks are healthy and safe when they are finished using the incubator. I give them fresh cold water and warm place for them to grow up in like a box with a heater. The sad part for me is when a chick is deformed or doesn’t make it through the process. I usually sell the young roosters when they are mature enough but I keep the females. I think that this is a wonderful project for me to be in.

Calling all 4-H teens!!!

Article submitted by Andrew Wood

Every summer on a UC campus, the biggest event for 4-H teens happens. It's called State Leadership Conference, or SLC for short. It is one of the most fun events you will ever attend! Teens stay on a UC campus in the dorms and get to experience a bit of college life. This year SLC is at UC Irvine from July 23-26!

At SLC, there are a multitude of great goings-on... There are workshops on just about everything under the sun: you can learn everything from leadership to quidditch, archery to resume writing and video-making. Each teen delegate can choose their own workshops. There are also the speakers. With several assemblies during SLC, there will be some amazing and hilarious people for you to learn from!

Then there's the recreation, my favorite part, which I am helping plan this year. And I don't mean to brag, but this is going to be quite possibly the best year for activities ever! We have a trip to Disneyland planned for Thursday, an ice-cream social on Friday, and a dance on the beach on Saturday. There won't be a dull moment at SLC and I guarantee that you will make lots of friends!

To attend, you simply have to be between 13 and 19 years old and in 4-H. It is a bit pricey to attend, but if you are interested in going, let me know and we can organize a group and help raise some of the money so we can all go and have a great time!

http://www.ca4h.org/Programs/Conferences/SLC/

The 4-H State Leadership Conference brings together high school youth from across California in a four-day leadership training, networking, and learning experience. The conference is planned by a team of high school 4-H members, key leaders and adult advisors. Working in strong youth-adult partnership, the team designs the educational, recreational and logistical components of the conference.

A policy may be purchased through California Fair Services Authority for a minimal cost.
