New 4-H, FFA and Grange Agreement that will become effective July 1st.

The main modifications to the agreement include:

1. Llamas were added to the ownership and supervision requirements on page 2 of the document. The agreement states "Horses/Llamas/Alpacas- must be owned/leased and supervised for not less than 120 consecutive days." While this is an addition to the agreement, this rule is already in effect per the State Rules for California Fairs. Thus, it shouldn't have any real impact on our 4-H members showing at CDFA fairs.

2. The original agreement currently states on page 2 that an "exhibitor may transfer projects from one organization to another only once during a calendar year." The state representatives/leaders for the three youth organizations felt that this statement lacked clarity. Thus, the following paragraph clarifying this statement was added to the bottom of page 2.

   "Once a project transfer is made, youth may not transfer their project to another organization for 12 months. For the purpose of clarification, the 12-month period starts from the date of the first show occurring after the transfer. For example, a youth transfers their project from 4-H to FFA on May 25th. The first show, following the project transfer, occurs on July 30th. The youth may not transfer their project to another youth organization until July 31st of the following year. Transferring projects once is allowed when ownership requirements are met. Transferring projects between organizations more than once within a 12-month period is prohibited."
