

UC Master Gardeners of Santa Barbara County
and Mesa Harmony Garden present:

FREE IN-PERSON GARDEN WORKSHOP

Master Gardener Janet Rogers will discuss a research-based presentation on the many ways you can protect your garden plants from extreme elements and garden pests, including insects, diseases, and hungry critters. Practical tips for prevention and management will be discussed.

Protecting your plants throughout the growing season helps ensure a garden full of lush, healthy, productive vegetables, flowers, and herbs.

We hope you will join us to learn key strategies for managing plant care.
