

Rare and Exotic Citrus U-Pick & Preservation Workshop

Join us for a stroll through the UC ANR South Coast Research and Extension Center's extensive citrus collection for a sampling and hands-on u-pick activity.

Then, let the UCCE Master Food Preservers teach you how to safely preserve citrus – creating a refreshing complement to salads and side dishes.

Participants will leave with a containers of the products, a handout with the information to safely make the recipe at home along with citrus fruits.
