

## Central Coast Hub Field Day: COVER CROPS IN ACTION

Learn about the transformative potential of cover crops!

**When:** Tuesday May 28, 2024, 8:45 am to 12 pm

**Where:** Part 1: UC Hansen REC, 5352 Beardsley Road, Camarillo, CA  
Part 2: Rodale Institute California Organic Center @ McGrath Farm, 1012 W. Ventura Blvd, Camarillo, CA

*The first half of the event will take place at Hansen REC featuring 19 diverse cover crops and cover crop mixes with unique features and benefits. The second half will take place at the Rodale Institute COC showcasing the innovative roller crimper as it efficiently terminates cover crops.*

**Don't miss this opportunity to witness sustainable agriculture practices firsthand and deepen your understanding of cover crop management.**
