## Technical Intern Job Posting

### COMPANY INFORMATION:

Boundary Bend Olives Inc. (BBO), Australia's largest olive oil producer, recently expanded operations to California and have begun processing at the newly constructed mill at 455 Harter Ave., Woodland, CA. With an unwavering focus on superior quality, innovation and customer satisfaction through all facets of our business, BBO is one of the leading players in the modern olive industry.

### POSITION DESCRIPTION:

The Technical Intern is part of a team, working under the direction of the Senior Technical Officer, to assist the Field Operations Department and growers to achieve optimal output from the trees and the fruit they produce. We are a growing olive milling/farming company looking to hire an technical intern who wants to learn the industry. This position provides quality technical agronomic support to the Senior Technical Officer and Field Operations team through the analysis and interpretation of field data, and by assisting the Senior Technical Officer in establishing strategies to achieve best practices.

### ESSENTIAL JOB FUNCTIONS:

1. Responsible for collecting, analyzing, and recording fruit sample data throughout growing season.
2. Manage all fruit sample data and reporting to third party grower partners and company management.
3. Perform field scouting to assess irrigation, fruit development, disease/pest pressure, and canopy condition/pruning needs
4. Collect and analyze relevant field sampling (soil, water, leaf tissue).
5. Monitor crop development milestones (flowering, pit hardening, oil accumulation).
6. Assist with crop estimate procedures and data management
7. Contribute to positive grower relations in all contact with third party grower partners.
8. Perform harvester inspections to ensure optimal harvester performance
9. Any additional tasks required by the Senior Technical Officer

### QUALIFICATIONS AND EDUCATIONAL REQUIREMENTS:

- Valid CA driver license
- Computer Proficiency: Word, Excel, Power Point, Outlook, etc.
- Physical ability to perform all tasks (endurance)

### REQUIRED SKILLS:

- General agricultural competency in language
- Ability to function effectively within a fast-paced, diverse and evolving corporate culture
- Exceptional communication and presentation skills (written and verbal).
- Ability to relate to other professionals, peers, and field operators, both technical and non-technical, and a proven ability to engage and educate a wide range of staff
- Ability to work both independently and with a team
