

CALIFORNIA INVASIVE SPECIES ACTION WEEK

August 2-10, 2014

What is the California ISAW about?

The purpose of the California Invasive Species Action Week is to promote public awareness of invasive species issues and encourage public participation in the fight against California's invasive species and their impacts on our natural resources.

Visit www.dfg.ca.gov/invasives/actionweek to find out what you can do to take action, find a volunteer program in your area, and view the schedule of events.
