2014 Plant Disease Seminar: First Announcement

Thursday, November 13, 2014
8:00 a.m. to 12:00 p.m.

****County of Monterey Agricultural Center****
Conference Room
1432 Abbott Street, Salinas, California

This seminar will focus on a broad range of topics dealing with plant pathology and pest management. Topics will include updates on plant disease and pest developments in coastal California, research findings on plant diseases, and current issues affecting growers, pest control advisors, and other agricultural professionals dealing with vegetable and strawberry crops.

Registration/sign-in is from 8:00 to 8:30. There is no fee for this meeting. Continuing education credits will be requested. Please call ahead (at least 24 hours) for arrangements for special needs; every effort will be made to accommodate full participation. For more information, contact Steven Koike (831-759-7350; stkoike@ucdavis.edu, 1432 Abbott Street, Salinas, California 93901).

Requirement from California DPR: Bring your license or certificate card to the meeting for verification when signing in for continuing education units.
