

## Weed Ecology and Management Advisor

### Applied Research and Extension

### Serving Fresno, Kings, and Tulare Counties, California

#### Position Overview

The University of California, Agriculture and Natural Resources (UC ANR) offers a unique recruitment opportunity for a **UC Cooperative Extension (UCCE) Weed Ecology and Management Advisor**. UC ANR operates a statewide network of researchers and educators dedicated to the development and application of knowledge to address local agricultural, environmental and health issues. Over 150 UC ANR UCCE advisors conduct research, outreach and education from locally based CE offices serving all 58 counties from 70+ locations throughout the state. By working and living among those we serve, UC ANR expands the University of California's reach to engage all people and communities in California, ensuring equal access to the UC system.

**Location Headquarters:** UCCE Tulare County, CA

**Purpose.** The Weed Ecology and Management Advisor will implement an innovative extension education and applied research program to address issues related to weed management for cropping systems and non-crop settings of the southern San Joaquin Valley, including Fresno, Kings, and Tulare counties.

This position offers the opportunity to address a myriad of issues ranging from invasive species, herbicide resistance, air, and water quality issues related to weed control practices, and emerging mechanical (e.g., robotic) technologies in conventional and organic production systems.

This is an exciting opportunity to develop and deliver relevant program content to have meaningful impacts in local communities and throughout California.

Opportunities abound for extension and research partnerships with a variety of stakeholders and partnerships, including commodity-focused CE Advisors, farmers, commercial Pest Control Advisors (PCA), agricultural commodity boards, and government agencies. The advisor joins a team of highly motivated UCCE colleagues who are passionate about their work and are dedicated to making a difference within the communities and throughout California. The potential for collaborative projects within the UC ANR system is nearly limitless.

**Counties of Responsibility.** This position will be headquartered in the UCCE Tulare office, CA, and also have programmatic responsibilities in southern San Joaquin Valley, including Fresno and Kings Counties. This is not a remote position.

**Reporting Relationship:** The CE Advisor serves under the administrative guidance of the University of California Cooperative Extension (UCCE) County Director for Fresno, Kings and Tulare Counties.

## Qualifications and Skills Required

### Required Qualifications

**Education:** A minimum of a Master's degree in Weed Science, Agronomy, Horticulture, Crop Science, or related field is required at the time of appointment.

### Additional Requirements

- Valid driver's license required to fulfill job duties- Employees driving County or University vehicles must possess valid California Driver's License and participate in the DMV pull notice program.
- Knowledge of weed science
- The ability to work with clientele across a wide range of socio-economic classes and ethnicities is essential.
- The CE Advisor must possess or obtain within one year a Qualified Pesticide Applicator Certificate (QAC) or License (QAL). prior to applying or supervising the application of any pesticide.

### Skills Required

To be successful, the CE Advisor requires skills in the following area:

#### Technical Competence and Impact

The candidate should have a deep understanding of agronomy and weed management and be able to design and implement a program that leads to positive changes and impact within the community and beyond. There is an expectation that advisors evolve and grow across their career and respond to changes in the industry and by clientele.

#### Communication

Demonstrated excellence in written, oral, interpersonal and information technology communication skills. Public speaking to stakeholders is a routine part of this position. Spanish language skills are a plus.

Demonstrated ability to share complex information in a manner tailored to the audience.

#### Collaboration, Teamwork and Flexibility

Demonstrated ability to work collaboratively as a team member with industry and other stakeholders. Able to adapt as circumstances warranted.

Aware and willing to actively promote diversity, equity, and inclusion.

## Lifelong Learning

Demonstrated commitment to ongoing self-improvement. Ability to shift program focus as times and organizational needs change.
