February 6, 2014

8:00 am – 4:00 pm

Balboa Park Recital Hall
Pan American Rd W, San Diego, CA

Workshop:

Managing Oak Pests and Diseases in San Diego County

Presented by:

City of San Diego Parks and Recreation Department; County of San Diego Agriculture, Weights and Measures; USDA Forest Service; and University of California, Riverside and University of California Cooperative Extension

Workshop Objectives:

- Present information on oaks and oak woodlands at risk
- Provide information on pests and diseases threatening oaks
- Share information on the goldspotted oak borer and the polyphagous shot hole borer
- Provide management information including pesticide use and firewood utilization
- Present oak monitoring and reporting program

Who Should Attend:

Information presented will be helpful to land managers, parks and campground personnel, arborists, landscape professionals, and others who are responsible for the stewardship of oaks and oak woodlands in San Diego County.
