## ***Fruit Tree Pruning Workshop for Professionals***

*A great opportunity to learn how and why fruit trees are pruned  
differently than typical landscape trees.*

Please join us at the Stein Family Farm in National City for hands-on demonstrations and in-the-field practice to increase your knowledge and proficiency in pruning practices for fruit trees including citrus and other subtropical species.

### ***Workshop Leaders:***

**Kurt Peacock, Consulting Arborist, Peacock Consulting  
David Shaw, Farm Advisor, UCCE San Diego County  
David Ephron, Arborist, One Tripp Tree Service**

### ***Agenda:***

- We will meet at 9:00 for coffee and light refreshments.
- Practical pruning tools and their use - training exercises to make good cuts.
- Status and needs of the deciduous trees at the farm, including apricot, plum, and apple trees.
- Basics for Citrus and subtropical fruits: citrus, avocado, guava, and fig trees.
- Pest identification and IPM solutions.
- Hands-on pruning of the trees on the property until 3:00 pm.
