

Lake Tahoe Basin Invasive Weed Identification Workshop

Thursday, May 31, 2012
1:30—4:30 pm
US Forest Service
Conference Room
35 College Drive
South Lake Tahoe, CA

- Learn about biology and reproduction of invasive plants
- Learn how to prevent the introduction and spread of invasive weeds
- Regional experts will provide hands-on identification of thistles, knapweeds, brooms, toadflax species and other terrestrial weeds of concern in the Lake Tahoe area.

Who should attend?

Landowners and managers, on-the-ground crews, trails/park staff, volunteers, residents and visitors.

To register online for either workshop, go to: <http://ucanr.org/ltweedstrainings2012>.
Questions? Contact Sue Donaldson at donaldsons@unce.unr.edu or call (775) 336-0242. The workshop is free but preregistration is required.

Sponsored by the Lake Tahoe Basin Invasive Weeds Coordinating Group.
Presenters include resource professionals from University of Nevada Cooperative Extension, University of California Cooperative Extension and El Dorado County Agriculture Department. The University is an AA/EEO institution.
