

**Join us for Family Science Night  
at the DeHaan Center in Pilgrim Park  
Monday, October 8 from 6:00-8:00 pm**

**The San Rafael 4-H Club invites families and children of all ages to come join us in the National Eco-Bot Challenge. Come make a miniature working robot from every-day items - toothbrush, batteries, vecro - and then use it to clean up a simulated beach spill. No reservation needed - just come join us for a fun evening of science and community time together.**
