

Mission:

“The Qualified Water Efficient Landscaper training presents an affordable proactive local approach to reducing landscape water demand. QWEL provided graduates with knowledge in water efficient and sustainable landscape practices including water management and preservation of other valuable resources.”

Who Should Attend?

Public and private sector landscape professionals who manage residential landscapes, municipal landscapes, schools, parks, and recreational facilities.

Training Topic:

Water supply, irrigation basics & efficiency, soils, plants and maintenance, water management, water budgets, irrigation controller programming and scheduling, valve, controller & field wiring, and new technology.

To Register:

Contact Robyn Navarra, Zone 7 Water Agency, Water Conservation Coordinator at rnavarra@zone7water.com or 925.454.5065.

Space is limited, please register early.
