

Orange County Great Park presents

Edible Landscaping

Join us as we explore the basics of how to grow edibles in a series of garden workshops developed in cooperation with the **University of California Cooperative Extension Master Gardeners of Orange County.**

Workshops will be held at the Great Park Farm + Food Lab, rain or shine.

FREE ADMISSION AND PARKING

For more information, please visit ocgp.org or call **949-724-6247**

The Orange County Great Park is located off the 5 or 405 freeway at Sand Canyon and Marine Way in Irvine.

Edible Landscaping

Orange County Great Park thanks the UCCE Master Gardeners for their collaboration in maintaining the Farm + Food Lab and developing the Garden Workshops.

Workshops occur the first Tuesday of the month, February through July 10:00 a.m. – 11:00 a.m.

STARTING YOUR PLANTS FROM SEED - *February 5*

Have you always wanted to grow unique and interesting flowers and vegetables? Are you tired of the plant selection at your local nursery? If so, join us for an in-depth lecture on the “do’s and don’ts” of successful seed starting.

WARM SEASON VEGETABLES - *March 5*

This appropriately-timed lecture focuses on the best edibles to plant now to ensure a bountiful harvest in the summer and fall.

SOIL, COMPOSTING AND FERTILIZERS - *April 2*

Come prepared with all your questions! Knowledgeable UCCE Master Gardeners and Master Composters of Orange County will guide you through all your soil, composting, and fertilizing problems.

IPM (INTEGRATED PEST MANAGEMENT) - *May 7*

Are your plants being eaten by weird insects? Does your tomato plant have brown spots and yellowing leaves? Are you looking for pesticide-free alternatives to manage your garden pests? Then this is the lecture for you!

GROWING YOUR OWN BACKYARD FRUIT - *June 4*

Looking to grow apples, watermelons, and everything in between? Find out about the varieties that grow best in Orange County and how to plant and care for them.

HARVESTING SAFETY AND STORAGE - *July 2*

It’s time to start thinking about what to do with all the fruits and vegetables coming out of your garden. UCCE Master Food Preservers of Orange County will guide you through the different methods of preserving your garden bounty.

This series is presented by the Orange County Great Park’s Farm, Food and Landscape Division, as part of the Health and Wellness program.
