<http://campusmap.ucr.edu/imap/index.html?loc=P30>

Please join us for a Citrus field day designed for the public.

Presentations, field tours and topics of interest:

- Citrus Variety Collection tours
- Pruning demonstrations
- Irrigation demonstrations
- Phytophthora root rot and trunk decay
- Asian Citrus Psyllid - detection, monitoring, and control

Please register online or obtain form to register via mail at the UCR Citrus Variety Collection website: <http://www.citrusvariety.ucr.edu/>.

Advanced Registration is required and space is limited!

Registration will be cut-off on **April 1** or when we reach capacity. **There will be no walk-in registrations.**

To make a tax-deductible contribution to the *Citrus Variety Collection Endowment fund* or the *Citrus Research Center & Agricultural Experiment Station support fund* go to the following link and select *College of Natural and Agricultural Sciences* then select the specific fund: <https://advancementservices.ucr.edu/GivingForm.aspx>
