Educational Display at Santa Barbara Fair & Expo in 2013

**Our bees arrived May 20, 2013
A local swarm caught by Tom Rem,
with Santa Barbara Beekeepers Association.
Barbara Hughes helped to coordinate this for us.**

- 1/We will meet about once a month for 1.5 hrs- usually the last Sunday of the month.
- 2/We will monitor our current hive and learn how to build some hive components (frames and supers).
- 3/We will learn about bees, safety, bee hive management, bee products, history of beekeeping, use honey in recipes and participate at county events.
- 4/We will work on adding an additional hive.
- 5/We will fundraise to pay for additional beekeeping suits for the youth members.
