

# Indian Valley Organic Farm & Garden Grafting Workshop

Saturday, June 7, 9am-12pm

- Each workshop participant will be supplied with all the necessary dwarfing citrus rootstock to learn and perform citrus budding techniques.
- When class is over, you will have your own new citrus tree to take home, plant and care for and some new skills to enhance your home citrus grove!
- Citrus varieties available for budding: Improved Meyer Lemon, Bearss Lime, Sudachi, Yuzu Lemon, Seedless Kishu Mandarin and others
- Presentation and instruction by John Valenzuela, chair of the Golden Gate Rare Fruit Growers Society and John Heenan, citrus enthusiast.

College of Marin, Indian Valley Campus – 1800 Ignacio Blvd., Novato

take the Ignacio Blvd. Exit west from Hwy 101 – Park in lot 6 and follow signs to the organic farm

Cost: \$30 - \$40 (sliding scale). Class size limited to 30 participants.
