

Efficient Water Management Practices

El Centro (Imperial County) September 30, 2014

This workshop is sponsored by the DWR Agricultural Water Use Efficiency Unit and presented by CRWA

This no-cost workshop is targeted to irrigation districts, and small communities and rural, disadvantaged systems. It is beneficial for Irrigation System Operators, Water Operators, and System Managers of Private, Public and Tribal Systems. It will cover the following topics:

Efficient Water Management Practices –

- Support resources on heightening efficient water management practices
- Information on water demand, and efficiency improvements
- Improve water quality through efficient water management planning
- Planning resources to reduce water shortages
- Equip systems with a better understanding of the relationship between water savings and the impact to energy conservation throughout the state.
- Pumping efficiency and energy conservation programs
- Overview of SBX7-7 water conservation targets and efficiency improvements
