You will learn among other things

- Placing plants correctly for efficient watering
- Number and placement of emitters
- Choosing parts and materials
- Creating maintenance instructions and schedules for your clients
- Using on-line tools that do the math and a lot of the challenging work for you to dramatically increase ease and productivity

Enjoy outdoor demonstrations in Heather Farm’s beautiful gardens.

Not an APLD member? Not to worry.

If you join APLD after October 1, and submit your membership receipt to us, **we will refund the extra \$50** you paid for the event. Check out the benefits of APLD membership at www.APLD.org
