

Oregon Private Pesticide Applicator CORE Training

Course Date: Wednesday, December 16, 2015

9:45 a.m. to 3:00 p.m.

Participating Site:

Klamath Basin Research & Extension Center at 6923 Washburn Way, Klamath Falls, OR 97603

Contact: Rich Roseberg

Email: richard.roseberg@oregonstate.edu Phone: 541-883-7131

Course Description: The *free* training session will be delivered simultaneously via video-conference. The course is divided into two 2-hour sessions which allows participation in either AM or PM session (2 credits each) or both sessions (4 credits total). OR pesticide applicator re-certification credits earned during this training will count either as **CORE** or **general** credits. Please **RSVP** by contacting the KBREC office at 541-883-7131 and let us know you plan to attend.

***DISCLAIMER** The delivery of this training session relies solely upon video-conferencing technology, therefore, the organizer does not guarantee the program will be delivered in full if technical difficulties occur which prevent partial/full participation at any or all participating sites. Re-certification credits for the topics presented during the 2015 CORE PAT have received accreditation from ODA. In the event of program disruption (in either 2-hour session or both), re-certification credits will not be available for the part of the program impacted. Facilitators who experience program disruption can substitute content at the local level but will need to seek accreditation from ODA for the part of the program affected (however, there are no guarantees here either).*

Morning Session: (AM Session = 2 Oregon CORE/general applicator re-certification credits)

9:45 - 10:00 am Welcome, Orientation and Local Updates – Host County Extension Faculty

10:00 - 10:50 am “Identification, Biology and Integrated Pest Management of Vertebrate Pests” – Jeff Amaral, U. S. Fish & Wildlife Service – Bend, OR.

11:00 – 11:50 am “ODA Pesticides Division Update” – Laurie Gordon

12:00 Sign up for AM Session re-certification credits

Noon to 1:00 pm. Bring your lunch (refrigerator & microwave available) and visit with colleagues & neighbors!
