

FOOD AND WATER:

Creating a Sustainable Home & Healthy Life

SATURDAY, SEPTEMBER 17, 9-3 PM

SCOTT'S VALLEY

Get inspired, gather resources, learn practical tools for promoting sustainability in your home and life, and get your hands dirty in this highly experiential workshop! Planned modules include:

- **Laundry to Landscape:** Help install a basic greywater system to water the landscape using water from washing clothes.
- **Rain Barrels in Series:** Learn the basics and participate in the creation of a 550 gallon rainwater catchment system.
- **Prepping and Planting a Winter Bed of Greens:** Play in the soil and learn how to grow delicious sustenance.
- **Tastes Like Love:** Learn about the benefits of eating plants and help to create a delicious produce-rich organic lunch.

\$10 REGISTRATION FEE INCLUDES LUNCH.

Space is Limited; Register Today! <http://foodandwatersv.eventbrite.com>
