- ✓ Operation & Maintenance Plan
- ✓ Emergency Spill Prevention Plan

Grazing Management Plan

- ✓ Grazing Area Map & Inventory
- ✓ RB2 *Checklist Form for Assessing Grazing Operations*
- ✓ ID of Legacy Discharge Points
- ✓ Annual Assessment of RDM
- ✓ ID of Pollution Prevention Practices

Activities/Support Available this Spring to Help You:

Facility & Pasture Map Help: Assistance from your Resource Conservation District-- Sonoma producers contact Kari Wester (707-569-1448) & Marin producers contact Lynette Neibrugge (415-663-1170). So far, 17 producers are already working with the RCDs on their maps!! This free opportunity expires soon. Get in now to take advantage of this service.

Storage Capacity Calculation Assistance: contact Erica Mikesh (707-569-1448 or emikesh@sonomarcd.org)

April 12th Western United Dairymen Drop-in Sessions*: One-on-one assistance will be provided. Come catch-up on missing paperwork, your dairy specific calculations and mapping; arrive anytime & stay as long or as little as you need. All producers welcome.

NRCS Office, Petaluma
9 a.m. – 11 a.m.

Farm Bureau, Pt Reyes
1 p.m. - 3 p.m.

* No CDQAP class hour credits are earned for these sessions.

May 9th and 10th CDQAP Spring Workshops:** workshops will cover details of all deliverables & work through plans as a class. Watch for flyers later this spring for what to bring to finish your plans in class.

May 9th
Farm Bureau, Pt Reyes
1 p.m. - 4 p.m.

May 10th
NRCS Office (SMART Bldg), Petaluma
9 a.m. – 12 noon

** Workshop attendance provides 3 hours of CDQAP class credit toward the required 6 class hours for certification. Producers must sign-in and attend all three hours to receive credit.
