

Bugs That Bug You in the Garden

Woodland Community College Public Education Workshop

Saturday, Oct. 14, 2017
10:15 a.m. - 11:15 a.m.
2300 E. Gibson Road
Building 400
Woodland, CA 95776

Have you ever wondered what bug is eating the leaves of your plants or what the fluffy white stuff is? Candice Stafford-Banks, a professor at WCC, will help you learn about common insects and diseases in your garden and discuss ways to deal with them. She will also talk about beneficial insects to encourage in your garden.

Presented by UCCE Master Gardeners-Yolo County. For more information, contact 530-666-8737, mgyolo@ucanr.edu, <http://yolomg.ucanr.edu/>
