

BACKYARD

AND WORMS COMPOSTING

A colorful illustration of a compost pile. Several cartoon worms with faces and small arms are shown. One worm is on top of a yellow plastic tarp covering a pile of brown soil and green leaves. Another worm is on a pile of green vegetable scraps. A third worm is on a pile of brown soil. The background is a light blue sky with a white cloud.

Saturday, Nov. 4, 2017
10 a.m. to 11:30 a.m.
2300 E. Gibson Road
Woodland, CA 95776

Learn how to turn your fall leaves, lawn clippings and garden waste into a valuable soil amendment, and discover how red wiggler worms can munch up all of your kitchen vegetable scraps. Yolo County UC Master Gardeners will teach the workshop and give out some free worms. The City of Woodland will have some free worm buckets for Woodland residents.

Presented by UCCE Master Gardeners-Yolo County. For more information, contact 530-666-8737, mgyolo@ucanr.edu, <http://yolomg.ucanr.edu/>
