

## Workshop on Maintaining and Improving Rural Roads

**November 30, 2017**

8:00 a.m. – 5:00 p.m.

Sly Park Recreation Area Events Center

Pollock Pines, CA

[Map to Event Center from Pollock Pines](#)

### **Sponsored by:**

Northern California Society of American Foresters, Georgetown Divide and El Dorado County Resource Conservation Districts, UC Cooperative Extension; El Dorado Irrigation District.

Support for this program has been provided in part by USDA-Forest Service, State and Private Forestry.

### **Intended Audience:**

Ranchers, forest landowners, rural residents, non-profit organizations and agencies responsible for maintaining and improving generally unpaved roads accommodating resource management, residential and recreational users.

### **Workshop Objectives:**

Provide landowners and land managers with information on:

- Identifying road-related problems and their causes
- Road best management practices
- Preventing road failures or impaired functioning
- Reducing future maintenance costs
- Minimizing environmental impacts of roads

### **Workshop Topics:**

- Fundamentals of rural, low volume roads
- Environmental conditions affecting roads
- Road assessment methods
- Road management and maintenance
- Permitting Requirements
- Sources of Technical and Financial Assistance

### **Field Trip:**

We will visit sites to demonstrate road assessment tools, diagnose problems and review beneficial practices and road remediation after storm damage.

To register for the workshop, go to [https://rural\\_roads\\_eldorado.eventbrite.com](https://rural_roads_eldorado.eventbrite.com). There is nominal registration fee. Following registration, you will be provided with additional information including the final agenda. Questions? Contact Dr. Richard Harris at (707) 685-5508 or [rrharrisconsulting@gmail.com](mailto:rrharrisconsulting@gmail.com). Register early! Enrollment limited to 40 people.
