

What's Wrong with this Plant?

Woodland Community College Public Education Workshop

Saturday, April 7, 2018
11 a.m. to Noon
2300 E. Gibson Road
Building 402
Woodland, CA 95776

If you have a question about your sick plant, bring a sample and Dr. Candice Stafford-Banks, WCC Professor, will try to diagnose the problem and help you find a solution. Examples of common pests, diseases and nutrient deficiencies and suggestions for creative control strategies will be available for you to examine FREE!

Presented by UCCE Master Gardeners-Yolo County. For more information, contact 530-666-8737, mgyolo@ucanr.edu, <http://yolomg.ucanr.edu/>
