WHO SHOULD ATTEND?

YOUR STUDENTS! This FREE event is designed to introduce students to career pathways such as natural resources, equipment operation, and advanced technology. Forest products industry professionals will share their experiences, demonstrate their skills, and answer your students' questions. The forest becomes the classroom in this unforgettable learning experience.

\$500 PRIZE! NAME THE DAY!

WE WANT YOUR STUDENTS to help us come up with a new name for this event. Let their **2018 woodED Pathways Experience** inspire them to submit their ideas for how to best describe their day spent in the forest learning about products and careers involved in sustainable forest management. The classroom of the WINNING ENTRY will receive \$500!
