

Bugs that Bug You In the Garden

Saturday, May 4, 2019

9:30 am until 10:30 am

2300 E. Gibson Road, Woodland, CA

FREE WORKSHOP!

Have you every wondered what the bug is that is eating the leaves of your plants or about that fluffy white stuff on top of the leaves? WCC Professor Dr. Candice Stafford-Banks will help you explore lots of common insects and diseases , and identify possible solutions including beneficial insects that you can introduce and encourage to stay in your garden.

Contact the UC Master Gardeners at 530-666-8737 or
mgyolo@ucanr.edu for more information.
