

HOW TO SUCCESSFULLY GROW A GARDEN IN CONTAINERS

Are you a frustrated gardener because you don't have a good piece of earth for gardening?

Fear not! You too can garden by using containers. Whether planting for aesthetics or food, there are many possibilities for growing veggies, flowers and herbs vertically to conserve space. Learn about vertical trellising, which can be done in the ground and in containers. In addition to tips on the best container size, soil, light conditions and watering techniques.

When: June 22 at 12pm

Where: Master Gardener Trials Garden
(at Gardens at Lake Merritt), 666
Bellevue Ave, Oakland [Bellevue Avenue](#)
