

UC Master Gardeners - Yolo County will present a free public workshop

Messy Gardens Can be Healthy Gardens **Provide Habitat for our Pollinators & Beneficial Insects**

9:30 AM - 10:30 AM, October 19, 2019

at Central Park Gardens

(corner of 3rd and B Sts, Davis)

For more information: yolomg.ucanr.edu or ph 530-666-8737

Here's a secret not all gardeners know - if you choose to be a 'messy gardener' in the fall and winter - the wildlife value of your garden soars.

Learn about why this is important and how you too can have an attractive, but 'messy garden.'

Gardens are alive, no matter what time of year. If you listen and watch, you will notice a wide range of activity. Your garden is home to wildlife that is very important to the health and well being of our environment.

Please note: In the event of rain the workshop will be held at the US Bicycling Museum, corner of 3rd and B Sts (303 Third Street)
