10:30 a.m - Noon

Blanchard Room Stephens Davis Library

315 E 14th St., Davis

Healthy soil is the foundation for healthy plants and a great garden. This workshop, taught by four UC Yolo County Master Gardeners will teach you how to work with natural processes to improve the health of your soil. Topics will include the web of life present in healthy soil, the use of compost, mulches, soil healthy fertilizers and amendments as well as proven techniques to repair lifeless soils and improve your success with clay soils.

Presented by UCCE Master Gardeners-Yolo County. For more information, contact 530-666-8737, mgyolo@ucanr.edu, <http://yolomg.ucanr.edu/>
