Jackson, CA

NOTE: Class size is limited to 55 attendees due to room capacity.

Spring is right around the corner, and it's time to start preparing for a summer garden. Whether you envision a small herb garden or building raised beds for a bountiful harvest, this class will provide valuable information and resources for gardening success.

Objectives:

- Learn about preparing your soil, timing of vegetable planting, and seeding tips.
- Learn considerations for planning and planting your best vegetable garden to get the most from the space you have, for improving your soil, for using water efficiently, and for controlling garden pests.
- Learn how to build a raised bed.
- Add a pollinator garden.
