Continuing Project Annual Report Project Year 2023

What major milestones did your project meet this past project year?

[Examples of the types of milestones that you would want to include (a) completion of a project phase; (b) expect to request another ___ years on this project; (c) future funding secured; (d) major roadblocks resulting in delays; (e) major research and/or extension publications resulting from this project]

Please describe any major changes from the original proposal to your project?*

[Examples of information you would want to share include: (a) major changes in size of project in terms of acreage/facilities required; or (b) large changes in # of labor hours (REC staff assistance) anticipated.]

**If your project has deviated significantly from the research described in the original proposal, please communicate directly with the REC director and superintendent to determine if the current project should be completed and a new proposal submitted.
