

Student Assistant Position Announcement

University of California Cooperative Extension, Monterey County

Position: Student Assistant for the Entomology Research Program beginning in March 2013

Location: 1432 Abbott Street, Salinas, CA

Pay: \$10.25 per hour

Requirements: Must be able to walk in agricultural fields, lift up to 50 lbs, work flexible hours and have a valid California driver's license to drive a county vehicle.

Duties: The Student Assistant will assist with ongoing research projects with special emphasis on collection and evaluation of insect, plant and soil samples, rearing insects in the green house, and routine laboratory operations. Applicants do not need previous production agriculture experience, but should have an interest in biology or a closely related field. Students working towards a degree in Biology or Entomology preferred.

Interested applicants should contact Dr. Shimat Joseph (svjoseph@ucdavis.edu) with their CV.
