

# Pruning Your Trees Workshop

## Description

This hands on workshop will demonstrate proper pruning techniques. There are 40+ apple trees that will be pruned under the watchful guidance of Phil Noia who is a certified arborist. If you want to get your hands dirty, bring gloves and pruning shears.

There is no cost for the workshop. Donations to assist our program in offering future activities are welcome (tax deductible, too).

Sponsored by the Dawn Institute & Plumas Sierra Master Gardeners Program (University of California Cooperative Extension)
