

# *Fat Fish Grow Tasty Lettuce*

## Hands-on Aquaponic Workshop

*Learn from UCCE Master Gardeners how to grow more veggies!*

Join us at Sierra House Growing Domes to learn more about how to use fish and vertical aquaponic towers to grow your own salad!

*Salad greens thrive in aquaponic systems and can even grow faster than traditional raised beds.*

**Saturday, March 4<sup>th</sup>, 2017 from 10 am - 12 pm**

**FREE workshop! Space is limited to 20 attendees**
