

The background features a collage of vintage postcards and stamps. Visible text includes 'PART AVION', 'VETERAN', 'POSTAGE', 'MADRID', 'STA. PIERRE', and 'CHIKAWA'. There are also various numbers and dates scattered throughout the collage.

# Master Gardeners of Fresno County Spring Garden Tour 2018

## Boranian/Allen Garden

The front and back gardens of this tranquil Polo Ranch parcel offer traditional plantings, mature trees, spacious covered areas, lush lawns and an inviting pool. Beyond the backyard is a sunny, Italian-inspired garden of fruit trees, raised beds and glorious roses.

# Kraetsch Garden

This relaxing space grew from the homeowners' wish to meld water-wise elements with their mature Woodward Park landscape. The result is a peaceful mountain-like setting with flagstone paths and an outdoor kitchen.

# Putnam Garden

A colorful perennial garden in front offers no hint of the surprise awaiting visitors in the backyard. An elaborate garden railroad, designed, built and landscaped by the homeowners and enhanced by a water feature, is sure to charm all who enter.

# Speer Garden

With turtle habitats and bird feeders, owl and bat boxes, this garden near Fresno State was designed to embrace nature in its many forms.

A children's garden, pool, pizza oven, and Master Gardener Ramona's collection of irises guarantee enjoyment for human visitors, too.

# Woodward Garden

The homeowners wanted their garden to expand the leisure space beyond the walls of their house. A variety of attractive and functional outdoor rooms, patios and a pergola make this garden a dream space for entertaining and relaxing.
